

Fitting a side shelf

Whats in the box:

4 Dowels

4 Long dowels

2 Side pieces

1 Side shelf

Tools required:

Mallet (not essential)

1

Insert all 4 dowels into the side shelf, a mallet may be required.

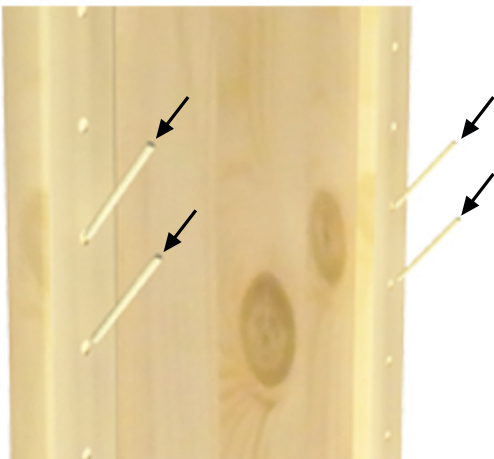

2

The sides are then attached.

3

Place the long dowels into the upright where you would like to place the shelf.

4

Slide the side shelf assembly onto the dowels and you are done.
